

SparkFun Rugged microB Cable - 1m

CAB-14742 ROHS

Is your laptop covered in stickers that hide the dents? Do you put your equipment through its paces? The SparkFun 1 meter Rugged microB cable is designed for the intense user. The nylon cover helps protect the inner core while preventing kinks and tangles. This cable comes straight and plumb, ready to use out of the box. The USB A to microB connectors are of top quality and feel great. The 3.3ft length is perfect for laptop use.
